If you genuinely care about people and want to help others enjoy a better quality of life, massage therapy may just be the career for you.

Hands On Therapeutics Massage School is the school of choice for anyone who is serious about a career in massage therapy.

At Hands On Therapeutics Massage School, we are dedicated to training that maximizes massage therapy's positive effects as well as promotes continued growth and development of the profession. Hands On Therapeutics Massage School offers a comprehensive, academically challenging hands on educational program. The school strives to provide resources, support service and activities conducive to a well-rounded educational and nurturing environment.

“Massage has become one of the fastest growing health care fields in the country today” (Natural Health Magazine.) There is really no other health care profession where one may enter and in just a few months obtain a state license as a health care professional.

Subjects Covered

Massage Theory (200 hours) - This is the study of massage therapy techniques and theory and the practice of manipulation of soft tissue. Areas included are history, products, client preparation & draping, effects & benefits, contraindications

Anatomy (50 hours) & **Physiology** (25 hours) – This unit will consist of terms & organization of the body including: cells, tissues, skeletal system, muscular system, nervous system, cardiovascular system, lymphatic system, endocrine system, respiratory system, digestive system, urinary system, reproductive system, and special senses.

Health & Hygiene (20 hours) These hours are dedicated to the study of health, hygiene, first aid, universal precautions,

Hydrotherapy (20 hours) Includes history & terms, practical understanding of the applications, mechanisms, indications and contraindications.

Business & Ethics (45 hours) The study of massage therapy laws & rules, business practices, & professional ethics standards. Students must take and pass one of the national tests and after June 1, 2009 must take and pass a juris prudence test before applying for a license.

Pathology (40 hours) – Students will receive information on diseases and infections, indications and contraindications, conditions and disorders, psychological and emotional states of the body. Also, a section on basic pharmacology is taught.

Kinesiology (50) – The study of Kinesiology will include terms, joints, movements, major muscles, posture and Proprioception.

Internship (50) – Students will get “Hands on” and practical experience by providing services in a massage clinic. Learning objectives include performing massage on the public, scheduling appointments, interviewing clients and record keeping.
